

Just Waitin' for Me

She's got that long sexy blonde hair beautiful long stare
Eyes bluer than the sea
She's got legs so tan that I'm thinkin' "Oh man"
I gotta find a girl like that for me

*Cause she's got the looks that all the girls want
She's got the smile that'll knock you off your feet
When she comes close (she's) all that I want
She's got it all, just waitin' for me*

(I was) Outside the corner store, sippin' a coke
Time stopped, my jaw hit the floor
She came struttin' her stuff, 'n said "Howdy" to me
I just grinned, as she walked through the door

Cause she's got the looks that all the girls want...

I was goin' insane tryin' to find in my brain
A way to go and talk to her
She was lookin' so fine, I want to make her all mine
I gotta find my way to her, (my way to her)

(Short Instrumental)

I finally got up the nerve and asked her for the time
She looked up at me, and said "Round Eight"
and "There's a dance tonight in the barn by the lake"
"We'd better go before it gets too late"

Cause she's got the looks that all the girls want...

*Cause she's got the looks that all the girls want
She's got the smile that knocks me off my feet
Now that she's close she's all I'll ever want
She's got it all, and it's waitin' for me
A just waitin' - A just waitin' - A just waitin' for me*
